

AI ACCELERATOR PROGRAM

The JSG AI Accelerator Program combines human strategy with AI precision to help you identify, engage, and convert in-market buyers faster. Designed for teams that want measurable growth, this hybrid approach blends decades of B2B expertise with cutting-edge automation to build a smarter, more predictable pipeline.

By uniting proven methodology with intelligent automation, JSG helps your team focus on the right prospects, shorten sales cycles, and turn intent into opportunity.

1 What is the AI Accelerator Program?

The JSG AI Accelerator Program blends human strategy with AI precision to help you reach the right buyers at the right time.

This hybrid approach combines decades of B2B experience with intelligent automation: turning buyer intent into meaningful engagement and real sales opportunities.

2 How Does the Program Work?

The JSG AI Accelerator Program runs through a three-phase approach. We start by building your go-to-market foundation: defining your Ideal Customer Profile, developing buyer personas, and designing multi-channel campaigns supported by KPI dashboards. Next, our AI SDR engages prospects across LinkedIn, email, and voice with personalized, data-driven outreach. Finally, we nurture and qualify opportunities, handing warm, engagement-ready leads to your sales team with full visibility through real-time dashboards.

3 Your Competitive Advantage

You'll start reaching buyers who are actively showing intent, not just fitting a profile. Your outreach becomes personalized and authentic at scale, powered by AI efficiency and guided by human strategy. With complete visibility into performance and outcomes, your team gains the insight to make smarter decisions and build a predictable, scalable pipeline that accelerates growth.

4 From Launch to Results

Your program launches within a few weeks, with engagement and optimization beginning immediately. As campaigns evolve and refine, you'll start seeing contacts convert into qualified leads within the first 90 days — all while JSG manages every step so your team can stay focused on closing deals.
